### CANO RETURNED.

Sheriff Kinsell Brought Back His Man from El Paso Last Night—Cano's Remarkable Experience.

Sheriff Kinsell came up from El Paso last midnight, having safely in his charge Esquibel Cano, the desperado who escaped from the county jail two weeks ago, and the latter is now securely fastened to the floor of his cell with a big iron chain. Deputy Huber had made expressly for this service. The shackle is so secured to Cano's ankle that there is no play, and getting it off is a physical impossibility, so he won't fly the "coop" again, even if there are a dozen crazy men around to extend their sympathetic aid and assistance.

The fellow does not speak English, but a story as gleaned by a reporter is about as follows: Cano went over the wall with his leg jewelry on, and not off, as many at first thought, and managed to make his way down the bed of the river. Then he turned to the right and shuffled along over to the upper narrow gauge trestle above the Drexel Indian school, and sat there for some time while his pursuers were looking elsewhere for him.

After nightfall, Cano worked his way over to the penitentiary where he managed to get rid of his irons. Then it is believed he went to the cache or place in a corn field where he had buried the money he is supposed to have taken from the Indian woman he is alleged to have murdered, and with this money he started off in the direction of Thornton, striking the main line of the Santa Fe there. Then he either took passage in a box car or rode a brake beam to the south. But it is believed he rode in a box car as with the money he had the fellow could fix things with the brakemen. As near as can be learned, Cano rode to Albuquerque junction, and continued west to Ash Fork whence he went south to Prescott, and after a rest continued on to Maricopa, where he changed his route to the east on the Southern Pacific to Deming, after a short stop at Benson. At Deming, Cano, for some reason, took a run up to Silver City, but did not stop, and returning to Deming, struck off on the Santa Fe to Kincaid, whence he traveled south to El Paso.

At the Pass City, Cano has an uncle and aunt, and a girl, also his mother has been visiting there; and he was figuring on seeing them, particularly his mother and the girl. But he slipped up as most of the crowd seem to have left town. But Cano rather liked El Paso, and concluded to remain there, although he might have found an asylum over in Juarez. He worked as a hod carrier and at such odd jobs as he could strike, and also struck the saloons for the "necessaries of life." It was while squatting on a table in the Klondike saloon on San Antonio street that a Santa Fe man, Frank Keys, it is believed his name is, saw and recognized Cano, and presently finding Chief of Police Klondike on the street told him of his discovery. The chief and Keys immediately repaired to the saloon where Cano was found still chewing the cud of reflection on the table. He was immediately put under arrest, and notwithstanding his many protestations, was locked up and Sheriff Kinsell notified.

Cano made a great deal about his not being the man wanted and claimed his name was Calderine; but the moment Kinsell set his optics on the prisoner the latter's name was Dennis and all other brought his man north. Deputy Sheriff Dick Huber met the sheriff at Lamy and returned to this city with him last night. The cell in which Cano is now confined is right under the floor of Deputy Huber's bed room, where there is a trap door through which all of the movements of the prisoner can be noted, so he is safe enough.

### MINOR CITY TOPICS.

The streets should be kept well sprinkled.

Mayor Hudson should give the question of repairing sidewalks and keeping them in repair more attention.

Republican primaries next Monday in precincts 3 and 18 at 7 o'clock the evening, and in precincts 4 and 17 at 4 o'clock.

The trains from the east are reported several hours late for this evening. The delay was caused by a freight wreck in Colorado.

U. S. weather bureau forecast for New Mexico: Generally fair tonight and Saturday; cooler Saturday morning in northern portion.

The shooting of Pablo Martinez by Antonio Ortega, city policeman, is being investigated by Justice of the Peace Miguel Gorman this afternoon.

Mayor Hudson has not appointed any policeman in place of Antonio Ortega, who shot Pablo Martinez, as he is waiting for the outcome of the hearing.

There is not a vacant house in a desirable location in the city. Health-seekers are compelled to go away on account of lack of accommodations.

Among the men who are talked of as candidates on the Republican ticket for re-nomination are Probate Judge Teles for Rivera and County Clerk Atanacio Romero.

Yesterday the thermometer at the local weather bureau registered as follows: Maximum temperature, 77 degrees at 2:30 p. m.; minimum, 52 degrees at 6:10 a. m. The mean temperature for the 24 hours was 64 degrees.

Grant Travis, of Troop G, "Rough Riders," who was recently at Clayton, Tex., his sweetheart, reached him before he died, and they were married the day before the soldier boy passed away.

The tax collector of this county should make a special effort to collect taxes due. This county has been doing well under the Bateman law, and with proper collection of taxes will have enough money to meet all its running expenses for the present year.

District Clerk Borge received a telegram this morning from Los Lunas, announcing the destruction of his residence in that place by fire last night. The house was occupied by A. J. Johnson, agent of the Santa Fe road. The blaze started in the kitchen.

A cold wave is due in Santa Fe, next Sunday afternoon. The College Cyclones and Santa Fe Tornadoes are to cross Spaulding's diamond canes on the college campus. Sports cognizant of the ability of those about to contest are not willing to prophesy a halcyon time, but are most sanguine in the anticipations of a blizzard. Entrance free to the public.

There is a lot of interest due on city bonds, issued under the Bateman law, that should be paid and the city's credit should be re-established. If there has been no levy made, the interest amount should be paid out of the general fund and would do the city more good than spending its money on policemen and the like. This is the opinion of several prominent citizens and taxpayers as expressed to the NEW MEXICAN.

The Democratic county committee meets next Tuesday at 11 o'clock in the morning, in General Easley's office, to set the date and to call the county convention for the purpose of electing 16 delegates to the territorial convention to be held at Deming. General Easley thinks his party has a good chance for carrying the election, although he says the vote of the parties is pretty close in this territory.

There was a well attended meeting of Paradise lodge No. 2, I. O. O. F. last evening. The occasion was in the form of a reception and welcome to Sergeant F. C. Wesley, one of its members, who has lately returned from the front as a member of Troop E, "Rough Riders." After the regular routine of business, the lodge adjourned to the Clair Cafe, where a greatly enjoyed lunch was served. Judge McFie made an entertaining and eloquent address, which was followed by several toasts, songs, etc., and then the members dispersed, greatly pleased with the evening's entertainment.

The Ladies' Soldiers' Aid Society has secured the corner rooms in the Catron block for the banquet to be given the "Rough Riders" the evening after they return. Mrs. VanSchiek and Mrs. Rivenburg were appointed a committee to solicit for this banquet in the 1st ward. Mrs. Hogle and Mrs. Berger in the 2nd ward, Mrs. Spiess and Mrs. Money in the 3rd ward, Mrs. Tipton and Mrs. Morrison in the 4th ward. Mrs. Thomas was appointed chairman of all the committees with Mrs. Whiteman as assistant.

During the coming session of congress a strong effort will be made to have the section of the act of congress recently passed granting the territory lands for the education of institutions, which transfers the old "palace" to the territory, repealed, and have this building remain the property of the United States. This is favored by many leading citizens of this city and territory and it looks as if it would be accomplished.

The members of the Ladies' Soldiers' Aid society and the Daughters of the American Revolution are almost in readiness to extend to the returning "Rough Riders" a royal welcome upon their arrival in this city. The only thing now necessary for the success of the affair is to leave the exact date of their coming. This will be learned in plenty of time for all arrangements to be completed and everything to be in readiness.

Mrs. A. S. Quiston, of Philadelphia, president of the Women's Indian Rights Association, will speak next Sunday night at the Presbyterian church before the Presbyterian and Methodist congregations. Rev. G. S. Madden, of the Methodist church, will preside, and the meeting begins at 7:30.

Deputy Sheriff Dick Huber is on the sick list today because of a severe bilious attack, and is confined to his bed. He has been especially active of late in looking after criminal matters, and has probably overworked, but he will be all right in a day or two, as he knows how to take care of himself.

Hank Fisher, the well known hackman, expects to receive an elegant and comfortable new hotel hack within a few days. This conveyance will be put in special service between the Palace hotel and railroad depots.

On account of the Jewish New Year tomorrow the NEW MEXICAN has been advised that these firms will close for the day: Abe Gold, J. Gold, Sol Lowitzki, Joseph Hesch, Leo Hesch, and undoubtedly others.

The acquia bridge and approaches on Palace avenue near the old brewery are out of repair, and need overhauling. S. G. Cartwright, the efficient city treasurer, has removed his residence to the house formerly occupied by L. A. Hughes.

For artistic and up to date photographs, go to Anderson's studio, on the plaza.

### Why Smallpox Spreads.

Optic explains very well how smallpox spreads:

"The Optic has been told of a young married woman, at Anton Chico, who positively refused to be vaccinated, about a month ago. Subsequently she went to La Cuesta to visit a child, a relative of hers who was sick of smallpox. On returning home she was taken down with the disease, and died of it in three days. Instead of the bedding and clothing of the deceased, as well as of the family being burned, and the house fumigated, the bedding and clothing was aired on the fence, after the death, in one of the principal streets of the town. Who can wonder that smallpox spreads."

### Good Goods, Well Advertised.

Going the rounds of the press is an item stating that the Royal Baking Powder Company is the largest advertiser in America. Of course, the business itself must be an enormous one to justify so great an expenditure in publicity. There is no fallacy more dangerous than that success can be gained by advertising an article of indifferent merit. But, an article of the highest quality like Royal Baking Powder, which when the house-keeper has once used she finds if she desires the best food she cannot do without, then the greatest measure of success is attained by keeping it constantly before the public. Great merit and good advertising are both essential to make a product a great success. The Royal Baking Powder possessing the first, its proprietors have wisely used the second, and the result is apparent throughout the land. The Royal company believe that there is no medium for advertising like the newspapers, since in these enlightened days everybody reads them.

### START FOR KENTUCKY.

Territorial Regiment at Whipple Barracks Move Tomorrow—Death of Member of the Phoenix Company.

Whipple Barracks, Sept. 13, 1898.—Yesterday Charles Cunningham, of the Phoenix company, passed through the dark portals and gained the shoulder straps of immortality. Typhoid fever caused his death. He was a very popular member of his company, and the entire regiment turned out as a mark of respect and sorrow and followed the remains to their last resting place.

Orders have been received calling for the removal of the regiment to Lexington, Ky., Saturday, the 17th. The Southern Pacific railway received the contract for transporting the troops. Hence the New Mexico boys will be denied the privilege of again viewing familiar sights in their beloved territory. Recent promotions in Company G, are: DeWitt Pierce, 1st sergeant; H. L. Ormrod, color sergeant; H. P. Allen and D. E. Carter, corporals.

Last night details from each company were engaged in rounding up hobos who infest the suburbs of Prescott. Eleven were captured and lodged in the guard house during the night. This morning they were turned over to the civil authorities. Recently the thugs have made a practice of waylaying soldiers for the purpose of robbery, and last night they became exceptionally obnoxious. A private in the Las Cruces company was sandbagged and later taken to the hospital in a critical condition. Another soldier sustained a broken arm and several were badly cut and bruised by the hold-ups.

Major Mitchell has been promoted to the lieutenant colonelcy of the regiment and Captain Russell, of the Phoenix company, to the position of major. The appointments are very gratifying to the regiment.

In future, letters to the members of the Santa Fe company should be addressed, "Co. G, 1st Ter. Reg't, U. S. Vol. Infantry, Lexington, Ky."

J. F. MANNING.

### Later Orders Received.

A letter was received from Captain Strover by Mrs. Strover, this morning, stating that the order to leave Whipple Barracks on Saturday had been changed to Tuesday, for the reason that the railroad could not furnish the required cars before that time.

Photographs and portraits equal in style and finish to the best work done in the cities, can now be had at Anderson's studio.

### Mining Corporation.

The Kensington Gold Mining & Milling Company has been incorporated by H. H. Argue, Harvey Finch, James Lynch, Newton Thatcher and Henry Wells, of Elizabethtown, N. M., and G. W. Goldman, of Kansas City, and articles of incorporation filed in Secretary Wallace's office. The objects of incorporation are the buying, selling, leasing and operating mines and mining claims, mining machinery, milling and smelting ores taken from mines. Capital stock, \$200,000; principal place of business, Elizabethtown, N. M.
